Note:

- If your family name appears in a time slot that means one member of your family needs to cover that shift.
- If you cannot cover your shift, **you need to find a replacement**. You can trade with another family or find a substitute to work for you (this can be a grandparent, older sibling, Aunt, Uncle, etc.)
- If you are working the first game, you must be here ½ hour before the game starts.
- If you are working the second game, report to the concession stand when the first game ends.
